

Established 1905

More than a hundred years ago,
a small circle of Swedes and Americans
met at the Hotel Rydberg in Stockholm.

They were motivated by a simple
but profound idea:
that cultural exchange between Sweden
and America would benefit both societies.

Over a century later,
The American Club of Sweden
still honors their dynamic vision...

**Two Countries.
Two Cultures.
One Club.**

During its long history, the American Club of Sweden (ACS) has been many things to many people: a place for sharing the best of American traditions as well as a haven for returning Swedes who ventured across the Atlantic; a venue for visiting Presidents and cultural figures, hosting some of the 20th Century's most famous Americans, and a place for all members to make friends and celebrate family across cultural boundaries.

Friends

For American expatriates, the American Club of Sweden offers an invaluable social network within Swedish society - as well as a fun way to maintain a connection to home. For Swedes with an interest in American culture, ACS provides a venue for long-lasting friendships and a bridge between our two nations.

Family

The ACS menu of family-oriented activities and Family Membership class are designed to welcome every member of the family - young and old alike.

Work

Although mainly a social and cultural organization, the Club's membership includes well-connected individuals in a wide variety of American and Swedish-based businesses.

Opportunities for Getting Involved

Get connected by participating in the Club's special activities. If you have some extra time on your hands, become an ACS Volunteer and learn about the very heart of our organization. If you've attended a US college or university, join our Alma Mater Exchange and help young Swedes learn more about higher education in the US.

Our Embassy Ties
